McComb: --I would like to ask if measurements were made of a number of commercial pins to see how near they came to standard. John G. Utz.--No, we were not standardizing the yoke; we merely used the dimensions of standards for the yoke. It might have been better to dimension the yoke in decimals with tolerances. F. A. Whitten: --I believe it would be better to let the yoke stand on the dimensions that are given now, taking the commercial variations as they come. The committee should see that there is ample clearance. We frequently have trouble getting the cotter pin in. The thing is not going to work any worse because of plenty of clearance there, because there is...
