Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Manual to Accompany Lessons in Language and Grammar Section XVIII - Selecting the Right Verb The work in this section is very suitable for pupils of the fourth reader grade, and should be taken up as directed at the head of the section. The work should be done orally first. Pupils may correct their written work from models placed upon the blackboard. One lesson a week will be enough in this section. Section XX - The Verb: Principal Parts While teaching Sections XX-XXIII the teacher should feel that it is not so much grammar that she is teaching as it is the correct use in speech of the forms of verbs. Pupils who have been accustomed to hearing correct speech will virtually know all that is taught in these sections before beginning their study, but will by studying them be helped to systematize their knowledge. Others ought to be taught to use correct forms of verbs before their habits of speech become too firmly established. Section XXIX - The Preposition If Sections XVI and XVII were omitted, then the rule at the top of page 142 should be omitted also. The remainder of the section can be taken.
