Brand New Book ***** Print on Demand *****.Excerpt from Finding Out What Goes on in a Software Development Organization We would like to recognize the extremely hard work of our collaborators who made all these experiments possible: M. G. Bradac, D. O. Knudson, and D. Loge. Professor Tom Allen at MIT brought us together, while Peter Weinberger, Eric Sumner and Gerry Ramage provided the financial support for this work. Professor Marcie Tyre of MIT was particularly helpful, providing extensive input along the way and pointing us in the direction of relevant organizational theory literature. W. J. Infosino s early suggestions regarding experimental design issues and A. Caso s editing of the paper are also much appreciated. Finally, we would like to acknowledge the cooperation, work and honesty of the study subjects and their colleagues and management for supporting our work with their participation.
